John Gale, aged 60; Polly Maxfield, aged 87; and Elizabeth Collins, aged 78, died at the Farm in the month of August last. They were buried on the farm in a yard prepared the past season, which has mostly been fenced with a good stone wall by the Superintendent. Said yard is located on the south side of the highway, westerly of the buildings, and is an appendage that has been very much needed.

NEW BUILDING AT POOR FARM.

At a town meeting duly notified and holden at the Town House on the 3d day of September, 1859, "*Voted*, that the Selectmen be instructed to build a suitable house for a wood house, and for the insane, out of any money in the treasury, or hire money for that purpose."

In accordance with, the foregoing vote, the Selectmen met at the Farm the Monday following, and with the assistance of Buzzell Barnard, an experienced mechanic, agreed upon the following plan: Said building to be forty feet long and twenty-five feet wide—sixteen feet for a woodshed, ten feet for a carriage house and fourteen feet for the insane, with four cells all so arranged as to be warmed with one stove.

One of the old shops has been sold, the other removed and the building completed, which adds much to the convenience of the Superintendent, and renders more comfortable those who need to be confined. In the erection of the building, the Superintendent aided much in removing the old shops, preparing the ground, drawing lumber, and other work about the building. The workmen were all boarded at the farm, which added to the expense in the cash account against the farm, and also to the work and care of the Superintendent's wife; but her duties were performed in a very cheerful and acceptable manner. In the Treasurer's Report will be found a minute statement of the expense.

NORTH WEARE ROAD.

Below will be found the expense for building and land damages for said road, which was sold to be completed by the first of June next. The petitioners called for an alteration at the north end, which the Selectmen were satisfied would be for the interest of all concerned, and it was granted.

The road was lotted, commencing at the south end, and sold as follows:

Lot No.—		of bridge,	\$250 00
1 George Foster,	\$56 00	Robert Peaslee, wood	
2 John M. Gove,	50 00	work of bridge,	85 00

6 do do	35 00	damage,	50 00
7 do do	85 00		
E. F. Gove, stone work			\$1013 25

The four first named lots have been completed; the three remaining lots and bridge are unfinished.

*Ebenezer Gove is the Agent of the Literary Fund, the interest of which, \$181,27, is required to be annually paid into the town treasury for the support of schools, and the money has already been advanced by the town for that purpose. If there are good reasons for this omission at the present time, it is all very well. If there is any *personal pique* to gratify, the *town* should be held blameless.

Balance in favor of town, \$219 06

The notes of Wm. Emery for \$225, and Thomas Chase for \$500 reported last year, remain unpaid, but, will be seen that the amount paid towards the North Weare Road \$502 25, and the amount paid for shed at Poor Farm, \$301 93, (not provided for in raising money last year,) together with the balance in favor of the town this year, would have paid our debt and left a small balance in the treasury.

We, the undersigned, having examined the receipts and expenditures of the town of Weare for the past year, find proper vouchers for all money paid, the amounts correctly footed, and to us satisfactory.

MOSES W. CRAM, }
CYRUS E. WOOD, } Auditors.
